

PAFICO COMPANY LIMITED

GOOD

FISH FOR YOUR MEALS

OVERVIEW

Founded in early 2019 with the head office in Dong Thap Province, PAFICO is a reliable manufacturer and exporter of Frozen Pangasius Products. With the motto “**Customer-Centric, Quality and Reputation as Competitive and development Strategy**”, we are determined to create international quality and safe seafood products with high value for domestic and foreign consumers; whereby PAFICO is proudly contribute to the sustainable development of Vietnam Pangasius industry.

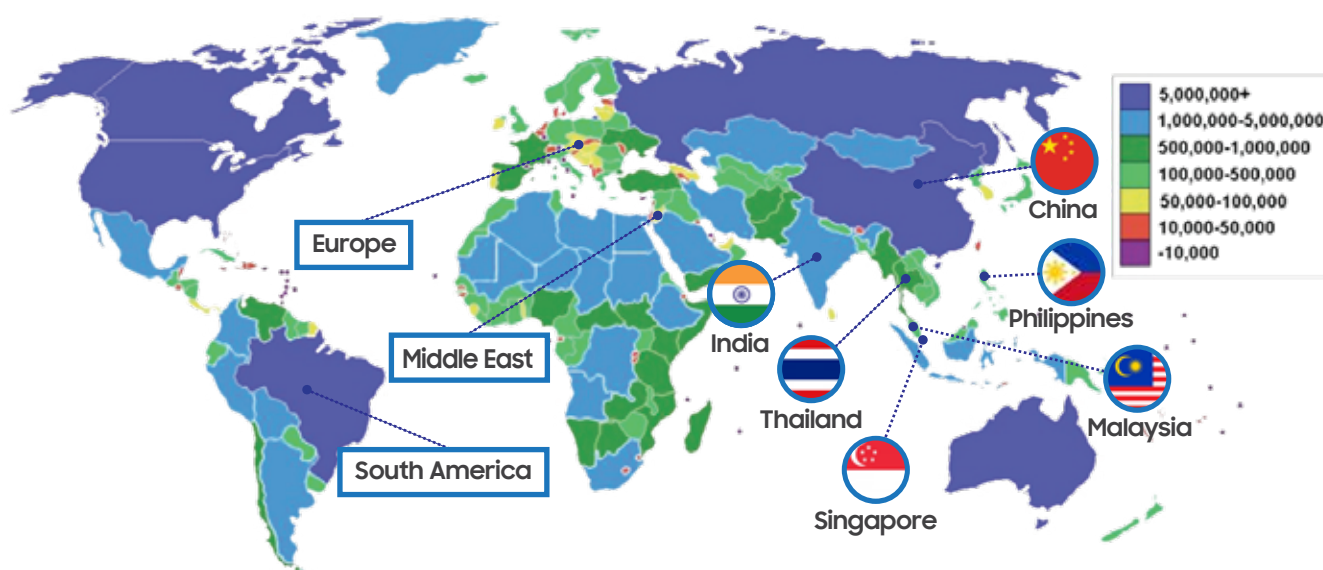

Being a professional and dynamic partner, we are highly attuned to the market demands and always flexible to exceed all our customer expectations. Over the years, PAFICO has acquired the local and international recognition as a reliable manufacturer of quality Pangasius products for sustainable partnerships.

WORLDWIDE DISTRIBUTION

Our global network currently spans over many countries, covering markets in Asia and The Middle East, namely Thailand, Malaysia, Singapore, Philippine, China, India and etc.

Through our high quality seafood products as well as production, export and supply activities, PAFICO is proud of its existing achievements and ensures credibility in all of its business activities.

FRESH FROM OUR FISHES TO THE WORLD

PAFICO is located in Dong Thap Province that is one of provinces with largest Pangasius farming area in Mekong Delta Region and famous for Pangasius Processing Industry, thus PAFICO is easy to get big quantity of commercial Pangasius from farms. This distinctively advantageous location enables us to cater for our customers a stable quantity of quality products all year-round.

FISH PROCESSING STRINGENT QUALITY CONTROL

PAFICO enforces quality inspections before, during and after production
Our processes under stringent quality control allow us to deliver high quality products.

+ BENEFITS OF PANGASIUS

+

Pangasius is an ideal family fish
Pangasius is convenient, easy to cook and fits every
cuisine from European to Asian
Everyone, from young to old, likes pangasius
because it is a boneless fish with its neutral taste

Pangasius is a very good source of
proteins and Omega 3, contains many
vitamins and minerals. Another benefit
is that it's low fat and cholesterol
